

According to the explicit decree of Bahá'u'lláh one...

'Abdu'l-Bahá

Original English

— 135 —

According to the explicit decree of Bahá'u'lláh one must not turn aside from the advice of a competent doctor. It is imperative to consult one even if the patient himself be a well-known and eminent physician. In short, the point is that you should maintain your health by consulting a highly skilled physician.
