

Letters of THE GREATEST HOLY LEAF

Bahiyih Kkanum

Translated from Persian

It is clear and evident that the body of mankind in this day stands in dire need of such members and organs as are capable, useful and active, so that their movements and activities, their bearing and behaviour, their tender feelings, lofty sentiments and noble intentions may at all times reflect heavenly virtues and perfections and become the expressions of divine attributes and saintly characteristics, thus breathing a new life and spirit into all the dwellers of the world and causing the inner ties and spiritual relationships to be fostered and fortified in all fields of human endeavour.
